

Health & Safety Policy

Our policy is to provide and maintain safe and healthy working conditions, equipment and systems of work for all our employees and to provide such information, training and supervision as they need for this purpose. We also accept our responsibility for the health and safety of other people who may be affected by our activities.

Employees are reminded that they have responsibilities for their own and others' health and safety and everyone must treat health and safety with the same degree of concern as any other of their functions.

The allocation of duties for safety matters and the particular arrangements which we will make to implement the policy are set out in the Health and Safety manual.

This Policy will be reviewed annually and revised if necessary to accommodate changes in the business or legislation.
